

SOX AND TIGERS TO PLAY RETURN BATTLE SUNDAY

A new schedule of baseball for Sunday, drafted last night, will bring the White Sox and Tigers, two of the valley's best, into action at Riverside park in a second meeting between these clubs. Time will be called at 2 o'clock.

The White Sox will be out for revenge Sunday. The sting of their defeat at the hands of the Tigers two weeks ago—their only beating of the year—has put the players up on their toes, ready to go. It was intimated last night that the two teams have posted a large size bet on Sunday's engagement.

The Tigers are not resting on their laurels achieved in their victory by any means. Each night finds the club out on the sandlot, tossing the old apple around, engaging in swatting practice, running bases, hitting the dirt and other stunts more or less closely related to the national pastime.

Salazar, of course, will be chosen for mound duty by the Tiger management. When right, Salazar is there in this section of the state. He is frequently caught off form, however, and if Sunday happens to be one of his off days, the Tigers are in for a complete rout. Salazar also has experienced some difficulty in locating the rubber in his games this season and his wildness has caused his downfall on more than one occasion. Aided by the Scott brothers, of

which there are three, he hopes to register another triumph over the White Sox athletes Sunday afternoon. These Scott brothers, it might be mentioned in passing, are about as valuable a trio to a ball club as can be found in the southwest.

Like Babe Ruth, their chief claim to fame is their ability to hit hard and frequently. They are dyed-in-the-wool swatmen, if you catch the meaning. Two of them recorded home runs when these teams first clashed at Riverside.

The White Sox management has a dark horse for Sunday's engagement. He traveled in pretty fast company a few years ago, hurling for the Chattanooga club in the Southern Association, and later was signed by the Pittsburgh National league club, only to retire. He is slated to do the flinging for the pale hosed boys Sunday. His identity will be disclosed, the management said last night, in the lineups to be printed in Sunday morning's Republican.

MACKS RALLY IN 8TH TROUNCE BROWNS

ST. LOUIS, May 12.—Burwell weakened in the eighth, Philadelphia scoring two runs after two men were out and defeating St. Louis. With the bases full in the seventh the locals worked a triple steal, Sisler reaching home and tying the score. Prior to the beginning of the game players from both teams and soldiers from Jefferson Barracks participated in a flag raising exercise in observance of National Hospital day. Score: Philadelphia . . . 9 19 410 028—8 11 2 St. Louis . . . 200 003 200—6 9 1

Batteries: Harris, Keefe, Rommel and Perkins; Kolpf, Burwell, Bayne and Billings.

The Get-Frisch-Quick Scheme

—By Ripley

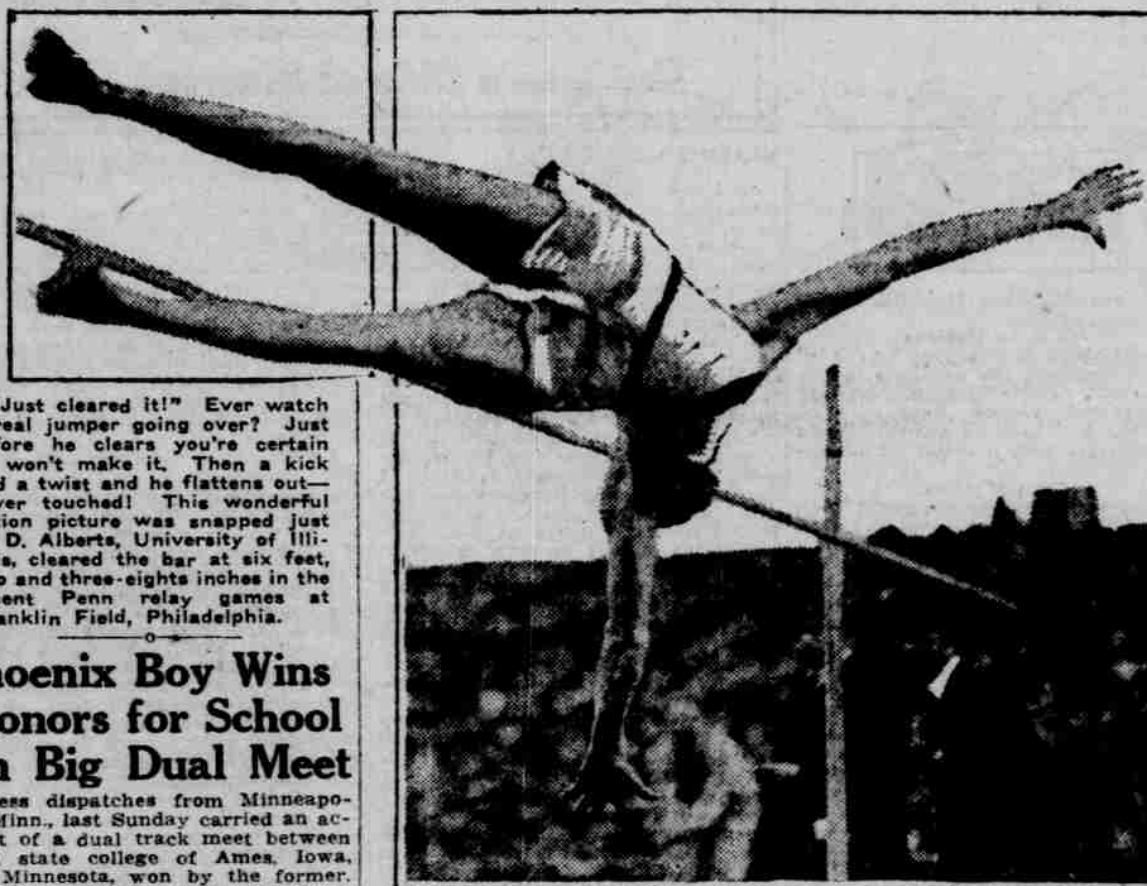

Erisch

By ROBERT L. RIPLEY

The Get-Frisch-Quick scheme of John McGraw was a big success. When the great Zim was suddenly dropped from the Giants' team for the good of the game McGraw grabbed young Frisch right out of Fordham College and placed him on the bag. The young collegian immediately accomplished the rare feat of making good on a big league team without any preliminary minor league schooling. And this year—his second season—he is regarded as the mainstay of the club—about half the team. A great scheme indeed.

HOW THEY GO OVER THE TOP

Phoenix Boy Wins Honors for School In Big Dual Meet

Press dispatches from Minneapolis, Minn., last Sunday carried an account of a dual track meet between Iowa state college of Ames, Iowa, and Minnesota, won by the former. Included in the summary of events was the name of a Phoenix boy, Oakley Norton, son of Dr. John C. Norton.

Young Norton, a graduate of Phoenix Union high school, tied for first in the high jump with a leap of 5 feet 7 inches and finished third in the broad jump, won by a Minnesota entrant.

Last year young Norton won considerable fame as a fancy diver, and this year was elected president of the Ames college aquatic club, something of an honor to be accorded a resident from far-away Arizona. He is now in his senior year at Ames.

TRYOUT PROGRAM AT ARENA INCLUDES 5 FOUR-ROUND EVENTS

Tonight is tryout night at the Arizona Athletic club arena and the young sprouts will don their fighting togs to earn their way up the ladder to the big card.

Five four-round bouts, including the best amateur talent in the valley, will serve to entertain the fight fans. Matchmaker Williams has booked a high class card for Friday, March 27, and tonight's tryouts may develop some real preliminary boys. They all started in the game at the bottom—some are still down there, others have fought their way to championships or at least to the point where they command a man's side purse. There are many boys in the valley who know how to handle their mitts, but lack the nerve to get out before the public. Once they feel the calcium glare focused on their anatomy there is no stopping and the dubs must get out of the way.

The winners of tonight's bouts will be matched for the next regular card.

Carpentier "Warms Up"

Here's the latest picture of Georges Carpentier to reach America. It was taken at sunny Oran, Algeria, where the European heavyweight champion recently spent some time "warming up" in preliminary training for the coming world championship bout with Jack Demsey. An Algerian official is greeting Georges.

THE FINAL WINDUP OF HYDER'S BIG CASH RAISING SALE

Saturday will positively see the final windup of our very successful money-raising sale. We are getting back to bed-rock after one of the greatest sales this store has ever been engaged in and we are going to make a special effort to rid ourselves of a lot of broken lots at un-heard-of prices.

**Asphaltic
Concrete Pavements
have made good**

Every dot on this map represents a city whose people are riding over streets paved with asphaltic concrete in base and surface.

In California such counties as Kings, Yolo, Fresno, Yuba, Ventura, Orange, San Joaquin, Los Angeles, Solano, San Mateo, Sacramento and Imperial have laid this type of pavement.

In Oregon, the State Highway Commission is constructing a large amount of asphaltic concrete mileage—as have also Clackamas and Jackson counties, Oregon, and Franklin, Pierce, Spokane and Yakima counties, Washington.

What has been successful in other places will be successful in your community.

Profit by the experiences of others. Adopt the asphaltic concrete type of construction for the paving now under consideration.
